

The **2006** **BEST** of the **BEST**

Best Close Shave

The best-kept secret in Southlake, the **Boardroom Salon**, allows men to be men. Think free beer, comfy leather chairs, and a pool table. And straight-razor shaves. Ask for Sonya McMillan and lie back as she foams you up, ties the towel around your neck, and works her magic until your skin is as soft as the day you were born. If it's your first straight-razor shave, be prepared for it to hurt a little. Just don't tell anyone. You are a man, after all.
